A word from your local representative

"Serving our community as your Local Board Member this past term has been an absolute privilege. I have had many highlights during my time on the Local Board including leading the Community Development portfolio, the Fruit Trees in Schools initiative, and being part of the team who have worked alongside central government to deliver new transport solutions for Pakuranga. Those who know me best would describe me as passionate, determined and hardworking. I am committed to ensuring change where needed, and facilitating growth in our local community.

I have enjoyed working alongside our community in a range of governance roles - listening and advocating on your behalf; and championing our communities interests as a current and previous candidate of both C&R and The National Party. Our Local Board needs to work together effectively with all stakeholders. This includes residents, Auckland Transport and both Local and Central government to ensure that our collective voice is heard. We have had some great wins this past term, but there is still work to do. I would appreciate your support in re-election to ensure that, together, we can continue to achieve positive results for our community."
